

Elmore Planning Commission Meeting  
August 24, 2016

Present: Whit Hartt, Colin Reynolds, Phil Dudley, Kate Sprague

Guest: Meghan Rodier (LCPC)

New Business:

Municipal Planning Grant: There was discussion about whether or not to apply of this year's MPG. The decision was made to apply. The grant will be used to pay LCPC to assist in the up-dating of the town plan as well as the drafting of a comprehensive energy plan for the town.

The application was read through and Meghan answered questions.

Action: Kate will write a draft of the application to be shared with the other members for editing and get it and the municipal resolution to the Select Board hopefully for the Sept. meeting.

Ongoing Business:

Energy Plan: There was discussion about the possible work that can be done while applying for and waiting for the MPG. Colin made a great outline.

Action: Everyone will read the sample energy plan from Bennington.

Subdivision Regulations: Still trying to find a clean finished copy of up-dated regulations.

Action: Meghan will look into where that might be.
