She outlined things that we hope to accomplish including updating the town plan and goals taken directly from the current town plan. We are hoping that our grant proposal is accepted so we can go ahead and continue to work with the LPCP in order to update Elmore's town plan in the next year.

Energy Standards meeting- 12/12/16, Lamoille Valley Union, 6pm Let Kate know if you are attending.

Karl, from Vermont Land Trust, attended and gave us an overview of how they work and what kinds of things they do. He is willing to run an informational meeting for the public if that is something of interest to the folks in Elmore.

**Old Business:**

Kate returned the call from Stowe Reporter in regards to our town plan. Phil reported out on his conversation with MWL and streetlight changeovers and will continue to follow up with this.
